

# Golden Key Prayer For 2012

## *An Affirmative Prayer Process That Will Solve ALL Problems, Issues, Challenges and Difficulties*

No doubt about it, we are living through some very challenging times. At times, for many, there many seem to be no way out of the difficulties we face on a day-to-day, week-by-week, month after month basis. Then again, there is always a way - - - even when we cannot see it.

Back in the 1930's a man named Emmett Fox offered a very simple solution to all problems. He said, "Take your mind off the problem and put it on God." As a renowned spiritual teacher and mystic, Fox taught the power of Affirmative Prayer. He taught that the only real truth there is, is the truth that God is and, where God is, there can be no fear, lack, difficulty or problems. Our job, Fox believed was to know, believe, accept, embrace, remember and affirm the presence of God and all things good would unfold. Today we call it, *The Law of Attraction* - - if you focus on what you want, it will manifest. Fox, took us a bit deeper into the process. He said if you focus on "what IS" what you want will show up and what you do not want will disappear. His exact words were:

*"Stop thinking about the difficulty, whatever it is and, think about God instead.*

*This is the complete rule, and if only you will do this, the trouble, whatever it is, will disappear.*

*It makes no difference what kind of trouble it is.*

*It may be a big thing or a little thing: it may concern health, finance, a lawsuit, a quarrel, an accident, or anything else conceivable: but whatever it is, stop thinking about it and think of God instead -- that is all you have to do."*

It is no secret that several years ago, I was forced to file for bankruptcy because of a huge tax debt that I simply could not pay. I woke up one morning with a credit score of 760. By that evening it was 525, all of my credit cards were gone I had no foreseeable income and, no place to live. I immediately began to Golden Key my entire life. This means instead of focusing on my problems, I wrote my desires down on a piece of paper put them in my God Jar (*that is a mayonnaise jar I use to give my problems over to something higher than me*) and I began to use the Golden Key process. Within three days, I paid three months rent in advance and moved into my new home. In reality, all I did was focus on truth, on God and everything else took care of itself.

The more time you spend thinking about what is going wrong; the more people you tell and get them thinking about your problem with you and giving you sympathy, the worse the problem gets. That is the Law of Attraction at work also. Your thoughts and your words just give the situation more negative energy. And, it really isn't productive to invite other people into a "Nega-Fest" with you unless you are a "Nega-Holic." Start using The Golden Key instead. If there is something you need or desire; if you are facing any sort of challenge or difficulty, I strongly encourage you to embrace the Golden Key Process.

## THE PROCESS

It really is so simple you will be tempted to believe that it cannot, will not, should not work. Trust me - - - it works! Three simple steps; that is all that is required.

### STEP 1

Write your desires down on a piece of paper. Be sure to write what you want rather than what you do not want. Place that piece of paper in a place where it will not be disturbed. Fill a glass of any size with water and place the glass on top of your list of desires. Change the water each day so that your desires will remain clear to you and the universe.

### STEP 2

Every day for 41 consecutive days, read the Golden Key Prayer. You can read it in the morning or at night. You can read it in the morning and again at night. Read it silently or aloud. The key is to read it and impress the ideas onto your mind.

### STEP 3

Choose one of the affirmative statements of the prayer and repeat it constantly through each of the 41 days. When you are tempted to think about the problem or, if you get upset for any reason, repeat your verse of the prayer.

That's it! I want to warn you DO NOT be tempted to stop the process when your good starts flowing. Write me and share your progress. I can hardly wait to hear!
